

Data I/O to Announce Second Quarter 2026

Financial Results on July 30, 2026

Redmond, WA, July 16, 2026 – Data I/O Corporation (NASDAQ:DAIO), the leading global provider of data programming and security provisioning solutions for microcontrollers, security ICs and memory devices, today announced that it has scheduled a conference call to discuss financial results for the second quarter ended June 30, 2026, on Thursday, July 30, 2026. Management will hold the conference call at 2 p.m. Pacific Time/5 p.m. Eastern Time. Data I/O Corporation will release the company's financial results after the market closes that same day.

To listen to the conference call, please dial 412-317-5788. A replay will be made available approximately one hour after the conclusion of the call and will remain available until August 13, 2026. To access the replay, please dial 412-317-0088, access code 5307983. The conference call will also be simultaneously webcast over the Internet; visit the Events & Webcasts section of the Data I/O Corporation website at <https://www.dataio.com/investor-relations/news/events/> to access the call from the site. This webcast will be recorded and available for replay on the Data I/O Corporation website approximately one hour after the conclusion of the conference call.

About Data I/O Corporation

Since 1972, Data I/O has developed innovative solutions to enable the design and manufacture of electronic products for automotive, Internet-of-Things, medical, wireless, consumer electronics, industrial controls and other electronics devices. Today, our customers use Data I/O's data programming solutions and security deployment platform to secure the global electronics supply chain and protect IoT device intellectual property from point of inception to deployment in the field. OEMs of any size can program and securely provision devices from early samples all the way to high volume production prior to shipping semiconductor devices to a manufacturing line. Data I/O enables customers to reliably, securely, and cost-effectively bring innovative new products to life. These solutions are backed by a portfolio of patents and a global network of Data I/O support and service professionals, ensuring success for our customers. Learn more at dataio.com/Company/Patents.

Safe Harbor/Forward Looking Statement and Disclosure Information

Statements in this news release concerning financial results, economic outlook, expected revenue, expected margins, expected savings, expected results, expected expenses, orders, deliveries, backlog and financial positions, semiconductor chip supplies, supply chain expectations, as well as any other statement that may be construed as a prediction of future performance or events are forward-looking statements which involve known

and unknown risks, uncertainties and other factors which may cause actual results to differ materially from those expressed or implied by such statements.

Forward-looking statement disclaimers also apply to the demand for the Company's products and services, the impact from geopolitical conditions including any related international trade restrictions, and its overall ability to maintain and grow market share. Factors that may impact the Company's operations and finances include uncertainties as to the ability to record revenues based upon the timing of product deliveries, shipping availability, installations and acceptance, accrual of expenses or other business interruptions, changes in economic conditions, part shortages, business disruptions and other risks including those described in the Company's 10-K, 10-Q and other periodic filings with the Securities and Exchange Commission (SEC), press releases and other communications.

Data I/O may use its website (www.dataio.com) and investor relations page (www.dataio.com/Company/Investor-Relations), its X account ([@DataIO_Company](https://twitter.com/DataIO_Company)), and its LinkedIn page ([linkedin.com/company/data-io](https://www.linkedin.com/company/data-io)) to disclose material non-public information and for complying with its disclosure obligations under Regulation FD. Accordingly, investors and other interested parties should monitor these sites, in addition to following Data I/O's press releases, Securities and Exchange Commission (SEC) filings, public conference calls and public presentations/webcasts.
